Jack's Helping Hand

Jack's Helping Hand was created to carry on the memory of one small boy, Jack Tompkins Ready, who won over many hearts within our community during his three-year struggle with a rare form of brain cancer. His parents, Paul and Bridget Ready, recognized the need in our community for an organization to help children with illnesses and disabilities and their families obtain special services, and meet their unique needs which were not being addressed by other agencies.

Jack's Helping Hand was instrumental in creating the Jack Ready Memorial Therapy Room at California Children's Services. This facility offers a variety of therapeutic opportunities which allow special-needs children the chance to realize their potential. Through Jack's Helping Hand and generous donations from the community, specialized equipment has been purchased, fabricated and maintained, in order to further assist our special-needs children in successfully reaching their goals.

Jack's Helping Hand also fulfills requests for assistance with medical treatments, equipment, services, transportation, and lodging when there are no other sources to cover these needs; and when these necessities exceed family financial capabilities. Individuals must apply to receive benefits, and they must be referred by a professional (i.e.: Physician, Physical Therapist, or Occupational Therapist). No outright cash distributions to individuals or families are made; items are purchased and then donated, or transportation and sometimes lodging arrangements are made by JHH for the benefit of the applicant.

In 2005, approximately 30 acres of land in Nipomo was generously donated to the County of San Luis Obispo by the Nick and Kathy Tompkins family in order to establish a park in memory of Jack. The **Jack Ready Imagination Park** will be a special place that will allow children with disabilities to play with their peers while also providing a fun and relaxing experience for the entire family, including adults with special needs. The park will eventually include a universally accessible playground, a therapeutic equine facility, basketball and volleyball courts, playing fields, accessible hiking trails, bridle paths, as well as picnic areas. The Park has been a work in progress since the land was originally donated. The entire Park has been graded, the Park water well and system, electrical power and septic tanks have been installed. Vertical improvements have included a multi-user restroom facility, switchgear building, hay barn and storage facility, twelve stall horse barn, caretaker's quarters and classroom, horse arena and round training pen. We hope to have the equestrian center open and ready for use in the fall with the playground construction soon to follow.

Jack's Helping Hand continues to operate adaptive toy lending libraries, now in conjunction with California Children Services Medical Therapy Units. By this Fall we will have four libraries serving the community including a new **Pat's Place** in Oceano! **Katie's Korner** now has two branches serving both Atascadero and Paso Robles. Many of our children are unable to play with toys that are not specially adapted. Adapted toys are expensive and like all children, our special children need new ones to keep their interest and motivate them to play. Our lending libraries provide these toys for our children, just like checking out a book at the regular library, without any charge. Through **Jack's Toy Box**, in collaboration with the San Luis Obispo County Office of Education, we also deliver boxes of educational and fun toys to children throughout our community who are experiencing developmental delays or disabilities. Each box contains a variety of toys and books, which are chosen by specialists, to best suit each individual child's needs.

Our **Little Swimmers and Water Warriors Programs** are taught by Brandi Tronstad in a warm water therapy pool. These two programs are designed to engage children of all ages, including teens and young adults, in fun water activities that encourage both physical and social development.

Our **Little Riders Program** led by Bonnie Burt, a member of the Professional Association of Therapeutic Horsemanship, is an adaptive riding program, specifically designed for our children with physical and cognitive disabilities, in order to improve balance, strength, and coordination. We have 8 currently enrolled riders whom we serve, and a waiting list who we soon hope to serve with our Park Equestrian facilities.

This year, **Jack's Helping Hand** once again sponsored **Camp Reach for the Stars** at Camp Yeager in Cambria, where children with cancer, and their families enjoyed a wonderful camping experience together, with food, beverages, music, games, crafts and a variety of fun activities. This year our families were entertained and cared for by approximately 50 volunteers. We've been told that it is the best camp ever! We intend to ensure that this wonderful family tradition continues in the future.

Auction Rules

ALL SALES ARE FINAL. ALL EXPIRATION DATES ARE FINAL. NO REFUNDS, EXCHANGES, DISCOUNTS, OR DEADLINE EXTENSIONS WILL BE MADE.

General Auction Rules

1. Your bid number is provided at registration and it identifies your name.
2. Jack's Helping Hand has endeavored to describe items correctly, and all items sold are "as is" without further warrants of correctness, warranty, and condition of the property. Please be aware that most items have restrictions, limitations, expiration dates, and mutually agreed upon terms. Restrictions are either stipulated in the catalog and/or on the certificate; all are binding. If a specific expiration is not stated, the purchaser must assume that the certificate will expire no later than one year from issue date. It is the bidder's responsibility to know and honor these restrictions while bidding and acknowledge that changes cannot be expected.
3. Your signature on a bid form constitutes a legal contract to buy.
4. All auction items must be claimed and removed from the premises by the successful bidder on the evening of the event unless prior arrangements are made with Jack's Helping Hand.
5. We gladly accept cash, personal checks, and credit cards (Discover/Mastercard, Visa®, and American Express). Please make checks payable to Jack's Helping Hand.
6. Our check-out station will open at 9:00 pm. You are welcome to personally complete your sales transactions after you have completed your bidding for the evening.
7. Jack's Helping Hand is not responsible for travel arrangements.

Silent Auction Rules

1. Bids must be written on the provided bid sheet complete with your name, bidder number and desired bid amount.
2. Table closing times are final. No bids will be accepted after the auctioneer's declaration. Guests in the process of writing may complete the bid.
3. In the event of a dispute, Jack's Helping Hand will make the final decision.
4. Auction bid sheets may not be removed from the site.

Live Auction Rules

1. When you wish to bid on an item, please hold up your booklet, which contains your bidder number on the back page visible to the auctioneer and/or spotters.
2. Should you become the successful bidder, please wait for an auction host to deliver a sales slip confirming your bid number and bid amount. Your signature constitutes a legal contract to buy.
